ABOUT THE FOUNDER

Ananya T.

Founder & Chief of Marketing

✉ ananya@sageandesther.com

Ananya is the Founder and Chief Marketing Officer of Sage & Esther. She combines creativity with a strong understanding of both medical and technical communication, making complex ideas feel clear, accurate, and approachable. Her experience includes building content ecosystems for global brands like Amazon, Uber, NIVEA, and Eucerin, as well as supporting clinically aligned and SEO-driven work across healthcare and technology. With over 18 million words written and more than 250 pieces ranking in Google's top 10, her work is known for being thoughtful, trustworthy, and grounded in real human needs.

Before starting Sage & Esther, Ananya worked with organizations such as SickKids Hospital, Sunnybrook Foundation, Princess Margaret Cancer Centre, Doctors Without Borders (MSF), Amnesty International, and the United Nations. These experiences shaped her belief in clear, ethical communication and taught her the importance of meeting people where they are. She has also spoken at the United Nations and Princeton University on youth leadership and global impact. Today, she brings that same purpose and care into every client relationship, helping create work that feels meaningful, honest, and aligned with the communities her clients serve.

SERVICES OFFERED

Our SEO and web development services are designed to help your brand show up clearly and confidently online. We focus on thoughtful strategy, clean execution, and long-term results. With our Director of Digital Marketing's experience in guiding more than 250 blogs into Google's top 10 search results, you can trust that your digital presence is being shaped with care, expertise, and intention. Our goal is simple: to help you attract the right audience and build lasting visibility.

Tailored Web Development

- O1 Website Development:** We design and build websites that feel like an authentic extension of your brand. Every element supports clarity, usability, and a smooth experience, so your audience can easily find what they need and connect with your message.
- O2 On-Page Optimization:** Your website is crafted with SEO in mind from the very beginning. We handle the keyword research, meta tags, headings, and core content structure so your pages are primed for strong search performance right out of the gate.
- O3 Content Strategy:** From product descriptions to blogs and landing pages, we create content that is engaging, relevant, and aligned with what your audience is searching for. Everything is written to build trust and support conversions.
- O4 SEO-Friendly Features:** Your site includes the technical foundations that help search engines understand it clearly. This includes clean URL structures, schema markup, responsive design, and other best practices that strengthen your ranking potential and overall visibility.

SERVICES OFFERED

At Sage & Esther, we create blog content that feels genuine, engaging, and aligned with your brand's voice. Whether you need quick updates or thoughtfully researched long-form pieces, each package is designed to support your content strategy, strengthen SEO, and build a meaningful connection with your readers.

Long-Form Content

(Blogs, Newsletters, Whitepapers, Clinical and Research Content)

- **Standard Blog Post:** A balanced option for brands that want deeper storytelling and more detailed exploration. These posts help build credibility, encourage conversation, and create stronger reader relationships. They offer room for thoughtful insights, examples, or light research while still remaining accessible and conversational. This format works well for topics that deserve more context and personality.
- **Premium Blog Post:** Ideal for in-depth, research-driven content that delivers real value. These pieces combine thoughtful analysis, rich narrative, and expert insights to support SEO, increase engagement, and position your brand as a trusted authority. They're especially effective for cornerstone content, industry leadership pieces, or topics that require a comprehensive and nuanced approach. This format helps you make a lasting impression and drive significant long-term traffic.

SERVICES OFFERED

At Sage & Esther, our product copywriting is designed to help your audience understand, trust, and feel confident in what you offer. Every package includes SEO keyword research to strengthen visibility and attract the people who are already looking for what you sell. Our goal is to make every description feel meaningful, persuasive, and aligned with your broader content strategy.

Copywriting

- **Standard Copy:** A great fit for products that need a bit more depth and detail. These descriptions offer a balanced mix of features, benefits, and unique selling points, helping potential buyers understand why your product matters. The tone is warm, accessible, and crafted to build trust while encouraging engagement. This option is perfect for brands looking for storytelling that still feels concise and clear. Up to 200 words.
- **Premium Copy:** Designed for products that deserve a rich, thorough, and persuasive narrative. These descriptions provide a deeper look at your product's features, benefits, and real-world uses, making them ideal for Amazon A+ content or comprehensive web copy. This package is perfect for complex or high-value products where thoughtful storytelling and detailed explanations can significantly boost conversions. Up to 400 words.

SERVICES OFFERED
